Background

Summary

I live for tech. I'm always the first one in my school to know about the latest gadget or newest website. And while it may be a little geeky, that's my passion.

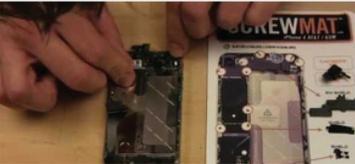

My dream is to go from someone who reads about the newest technology to the person who makes it! So I'm working hard to learn Java and Ruby. And then, someday, I plan to start my own tech company.

Experience

Repair Technician

Best Buy
June 2013 – August 2013 (3 months) | San Jose, CA

Worked 20 hours a week in the Service Department, fixing everything from laptops to iPhones. Received 5-star rating from 97% of customers.

A video I made for my teammates on how to replace cracked iPhone screens

Honors & Awards

California Scholarship Federation

Archbishop Mitty High School
May 2012

Received a scholarship from the California Scholarship Federation (CSF), the oldest such institution in the state. CSF grants scholarships to just 50 students across California each year, based on academics, community service, and citizenship.

PROJECTS: Whether you led a team assignment in school or built an app on your own, talk about what you did and how you did it.

COURSES: List the classes that show off the skills and interests you're most excited about.

SKILLS & EXPERTISE: Add at least 5 key skills - and then your connections can endorse you for the things you're best at.

ORGANIZATIONS: Have you joined any clubs at school or outside? Be sure to describe what you did with each organization.

VOLUNTEER EXPERIENCE & CAUSES: Even if you weren't paid for a job, be sure to list it. Admissions officers and employers often see volunteer experience as just as valuable as paid work.

EDUCATION: Starting with high school, list all the educational experiences you've had - including summer programs.

RECOMMENDATIONS: Ask managers, teachers, or classmates who've worked with you closely to write a recommendation. This gives extra credibility to your strengths and skills.

Projects

FIRST Robotics Competition

April 2013

Worked with my fellow Robotics Club members to build a functioning robot for the world's largest high school competition. By using artificial intelligence, our robot was able to cross a playing field on its own and score goals!

“ Amy was one of the best summer workers I've ever had. She came in and figured out how to fix just about anything, no matter how tricky. And she always made our customers feel good about their experience, even if they were nervous about using technology. Highly recommended!
